IMPORTANT INFORMATION **2017/2018 PRICE REVIEW**

Please note that from **1st April 2017**, new charges for transport will come in to effect.

BATS are happy to announce new changes to our pricing structure that have simplified the system and more importantly made our service more affordable.

Memberships run from April to April, adjustments will be made for new members when they join in order to reflect the month joined. For example if you join in March, the membership fee will be divided by 12 and then you will pay for one month and then you will be charged the full annual membership in April along with all other members.

We are always happy to provide quotes to allow you to budget for your trip.

We have made changes to our services to allow more individuals and those from neighbouring boroughs easier access to services. These new changes along with price increases are detailed below.

If any clarification is required, please feel free to contact one of the Admin team and we will be happy to help.

Individual Charges

Please note the individual service and the Hop N Shop scheme have now been combined in order to allow more freedom for service users. Those who are already existing members of either scheme will automatically become members of the other scheme.
